Wheaton Economic Assessment of Nightlife and Sociability

Wheaton will undergo a hospitality zone economic activity assessment this fall as a result of a grant from the National Alcohol Beverage Control Association (NABCA). As more cities integrate Business Improvement Districts or Main Street programs into redevelopment and revitalization planning, one evolutionary outcome is growth in nightlife and sociability through dining, entertainment and public space activities. The Responsible Hospitality Institute (RHI) strategies for "managing" hospitality zones through the Hospitality Zone Assessment and Hospitality Resource Partnership. The purpose of this project is to create a methodology for "measuring" the economic activity associated with nightlife and sociability in hospitality zones, and to organize this information collectively as an assessment of overall economic value and impacts.

Among the outcomes of the assessments are: (1) to establish broad, but uniform definitions for economically contributing nightlife and sociability venues that could be applied to other areas based on primary business activities and at different times of day (including food service, beverage service, entertainment and events-oriented venues/spaces, (2) to develop an overall methodology based on the experience in the three prototype areas that can be adapted as required for other locations to yield comparable/consistent information to create a comprehensive database and (3) to collect and analyze any available information about the total annual patrons, including anecdotal characteristics about customer turns, total customers served, or other data which might be provided by operators.

The study is underway in three Greater Washington Area zones: MidCity/U Street, Clarendon and Wheaton. For more information contact DLC's Division of Licensure, Regulation and Education by email dlc@montgomerycountymd.gov.

The Montgomery County Department of Liquor Control hosted the 4th Annual Maryland Alcohol Beverage Forum in July at the Silver Spring Civic Center. This annual event brings together liquor boards from across the state of Maryland, the Maryland Comptroller's Office, Attorney Generals, and industry leaders. This year's speakers included Kevin Atticks, Executive Director of the Maryland Wineries Association, who talked about MD Wine Festivals, George Simms, Montgomery County States Attorney's Office, who discussed what constitutes gambling, and Marlene Trestman, Special Assistant to the Maryland Attorney General, who defined the new alcohol products in today's market. Other group discussions focused on county special event procedures, and what each county was seeing in new trends regarding regulatory, licensure and education.

Thinking of Hosting an Underage Party...

Know the Consequences if Alcohol is Involved!

Adult Host Responsibility is a Maryland Law that holds an adult who knowingly and intentionally serves an alcoholic beverage to a person he/she knows, or reasonably should know, it under the age of 21, liable for the person served and to any other person for damages resulting from the host's service of alcohol. It can even extend to adults and homeowners who are not on the premise and/or did not provide alcohol.

State Laws & Consequences...

- Buying, furnishing or allowing youth under the age of 21 to consume or possess alcohol is illegal. Adults are civilly and legally liable.
- Adults could receive a \$2500 fine for the first offense, a \$5000 fine for the second offense. An offense counts as ONE under 21 drinker, additional underage drinkers can count as additional offenses.
- Servers/sellers of alcohol are required to protect an intoxicated person from harming themselves or others. A server will be liable if negligence is proven.
- Homeowner and auto insurance companies may drop a policy.
- Home or not home, aware or unaware of the party, you could be sued for:
 - personal injury
 - alcohol poisoning
 - sexual assault
 - vandalism
 - violence
 - car crashes: death, injuries, or car damage
